The Election Committee has been made aware of a confusing statement within the directions of the 2017/18 officers and other elected positions mail in ballot "Sign your name and place your UA Card Number on the Business Reply Envelope where indicated", lacking the indication of where to place your UA Card Number.

The Election Committee has consulted with MK Elections and has determined that the PIN placed upon the secret ballot envelope is a unique identifier that can be linked with the individual member and members eligibility to vote.

In short, your ballot will be counted regardless of placement or omittance of UA Card Number on the secret ballot envelope, however, your ballot cannot be counted without your signature.

In Solidarity,

The Election Committee
