

April 26, 2022

The 2022 primary election is in full swing, and we are working to get good leaders elected at the Local, State, and National levels. The May 17th Oregon primary election is fast approaching, and we are continuing to issue endorsements for candidates who will fight for Labor.

The Political Landscape is always changing, and we have many seats up for election this year, with many new faces running. The UA Local 290 PAC has spoken with candidates in several primary races in Oregon and have found those who we know will work with us to protect our work, wages and benefits, safety, training standards, and working conditions. We have endorsed the list below knowing they will stand with us in the fights to come, and hope that this is helpful as you vote later this year.

The Union will never tell you how to vote. But we do know the individuals who will help our Union and protect our livelihoods and families. UA Local 290 is proud to endorse the following candidates.
